CLUB MANAGER

Beverly Roance

The holidays are upon us. I certainly hope they bring some type of normalcy back into our lives as it is well overdue.

The 2023 future events are listed in this issue of the magazine. I hope you find several travel opportunities to your liking. You'll also notice a discount is offered if you register prior to a certain date on several upcoming events. I'm hoping this will alleviate procrastination and avoid cancellations of events. I'm excited to put Alaska back on our calendar for 2023. Our Magical Maritime Motorcade is full with 27 coaches and several on standby. Please be aware if you register for either of these motorcades, Canada is requiring proof of Covid vaccinations. A 8 day quarantine with testing is the option with no guarantee of entry. They also now require pre-entry registration with a travel plan prior to border arrival, but we will simplify this with easy instructions detailed in your welcome letter. This club began and was created to be an upscale - top of the line travel club promoting long and short ventures in the comfort of one's coach. We pride ourselves on our trained activity and tour directors who are dedicated to making sure our members have a

most memorable experience of a chosen area. Whether it's a 3 day or a 43 day event, these directors are with you at every campground, every option, every meal and every tour. You're never *sent* to a scheduled activity. You are guided and accompanied to each one. We are the only RV travel club with a skilled, factory trained, service representative that pulls a trailer full of parts and service equipment. How reassuring is that when we are many miles from a service center? If you do not take advantage of what your club offers, you really are missing out.

Due to the cancellation of our GrandVention this past October, the annual Board of Directors meeting was held in Nacogdoches with a few members attending via Zoom. I look forward to working closely with our new International President and First Lady, Leo & Ineke Volkert in 2022 and want to congratulate Paul & Linda Ogle for being elected as President Elect. A new position developed and voted in by the board was that of Club CEO. Also voted and approved was the person to fill the position. Congratulations to Russ Miller who agreed to take the position. This position was vital as I begin my final year as

Club manager. Russ has served as International President for the past two years and has introduced new ideas for the betterment of the Club. I sincerely appreciate (as should you) the time and dedication these three couples have voluntarily committed to for the next few years.

We are in desperate need of officers for the Northwest and the North Atlantic chapters. The Millers, Volkerts and Ogles will be actively seeking volunteers to fill these positions. If you are a member of either chapter, we would really appreciate your help resurrecting them to the fun, active state they were in a year ago. Please don't think the next guy will do it. That doesn't work. Call me and let's start making plans and have your chapter win the Traveling trophy at the next GrandVention.

It is my sincere wishes you and your family have a very Merry Christmas and let's all look forward to a 'close as possible to normal' wonderful New Year.

2021 INTERNATIONAL PRESIDENT & FIRST LADY

Russ and Susan Miller

These past two years have been a real blessing and joy for Susan and I. We've traveled all over our great country and Canada. We've met and broke bread with some of the most amazing people you can imagine. We've shared ideas with the members and leaders of OUR Club and have taken a glimpse into the future of the Club and our Chapters. We, along with you, have experienced and dealt with the Covid 19 pandemic. Beverly Koonce and I have had to make several controversial decisions regarding motorcades and our Grandvention. We've overseen the ongoing restructuring of our Club with a critical eye toward financial independence. With the rapid growth of the RV industry, our Club has grown in numbers with much more growth anticipated. I believe the future looks very bright.

We wish to personally welcome Leo Volkert as our new International President and Ineke as our First Lady (#16748). They

are committed to attending as many rallies and Club functions as their calendar permits. Be sure to spend some time with them when they're in your area. Due to the decision to cancel the 2021 Grandvention, your General Board of Directors met in Nacogdoches for their annual meeting. I'm very pleased to announce the selection of Paul and Linda Ogle (#17313) as our 2123 International President and First Lady.

To our newer members, I wish to encourage you to attend rallies with your Chapter or a nearby Chapter. Once you've attended one, you'll be sure to attend more. We recognize not all our newer and younger members can take the time to participate in a thirty to sixty day motorcade. With business and family commitments, this is just not a realistic expectation. With this knowledge, the Club has scheduled a ten-day special event in Colorado Springs in 2023. Check it out and join us. If this ten-day event fills,

we will be sure to schedule more like it in the future.

With the success of the Grand Villa Rally this past Spring, we've schedule two Buddy Rallies in Nacogdoches. This is an opportunity to bring a buddy/friend with their RV of any brand to experience the Foretravel Motorcade Club family, enjoy some entertainment and education as well as tour the Foretravel plant. Check out all the Motorcade opportunities as we have a full slate of events this year.

Once again, Susan and I thank you for the honor and privilege of being your International President and First Lady.

Russ

2022 INTERNATIONAL PRESIDENT & FIRST LADY

Leo and Ineke Volkert

So here I am, Leo Volkert, your new International President and First Lady, Ineke. Before I go further, I want to thank our Past International President and First Lady Russ and Susan Miller for their outstanding 2 years of service. We'd also like to congratulate Russ on his new appointment of CEO for the Foretravel Motorcade Club. They have steered the Club through the epidemic that we are still in. We'd also like to congratulate Paul Ogle on being selected as President-Elect and Linda for becoming our future First Lady.

Ineke and I have been with the Club since 2009 and we are on our second Foretravel coach. We are looking forward to meeting many of you during our travels in 2022.

Many things have been planned and many things are in the planning. The weather is changing with fall and winter quickly approaching. Soon it will be time to spend with your family and good friends. We still have some rallies to consider for this year. If you haven't tried one, you should. December 2-4

will be the Florida Chapter Fall Rally in Live Oak, Florida. Then, there is one in Chula Vista, California on December 5-8, 2021. Check your Motorcader for places, dates, and times. Not to mention the Club Events for 2022 include Texas Hill Country Connection in March, Buddy Rally (bring your friends with another brand) in April, Mississippi River Road #1 in May, Maritime in June, July and August, Branson GrandVention in Branson, MO in October, followed by the Branson Ultra and then the Ladies Driving School. There will also be Chapter rallies during that time. Also, consider joining in and possibly helping your own Chapter by holding an office position or putting on a rally. It's all fun and entertaining with your Foretravel family. We are also looking into mini Motorcades, allowing for a shorter duration. We realize not all members can go on the longer arranged trips. Your input and ideas are important to us. This is your Club and it is important that you communicate with us and your chapter, what you would like to see in the future of the Foretravel Motorcade Club as we grow together.

On another note, the Almost Heaven/ Virginia/West Virginia Motorcade was an overwhelming success and we all enjoyed the Civil War Battlefields, Museums, bus tours, and of course, great food. We sure did get a good history lesson on the beginnings of our Nation. I'd like to give a big thank you to Ellen and John McKee for directing this Motorcade. It wasn't easy with the pandemic changes, before and during.

Don't forget to apply for your TDS fuel card and SAVE on your next fill-up. Look for the application in the Motorcader magazine. You'll have major savings by using it.

We are looking forward to an active year, given the challenges of Covid. We wish you all safe travels and stay healthy.

See you down the road.
Leo

SERVICE NEWS

Mark & Donna Crick

#16141

Hello Motorcaders,

By the time you are reading this, winter will be upon us once again. Hope you all got to do some well-deserved traveling this past year as things are getting (slowly) back to normal.

We had such a great time on the Virginia/West Virginia Motorcade, and for those who didn't attend, all I have to say is, "I'm sorry you missed out". I would also like to thank John and Ellen McKee for their efforts in putting it all together, several times, and making everything work out!

If you are like me, you have a tendency to pack way more stuff in your motorhome than you will ever need, just in case! With all those must have items, the weight of my coach just keeps adding up and I often wondered, am I overloading my axles and tires? Well, there was only one way to find out and that was to weigh the coach. There are a couple of ways to do this, but the best and most preferred way is individual axle end weights. You do this by weighing the coach with full traveling load and driving each tire/axle assembly, front, rear, and tag if applicable,

over a portable scale. This portable scale will give you an accurate weight on each corner of the motorhome and just as important, on each set of tires.

Your Foretravel has a "Load Capacity Chart" on the left wall at the driver's seat. It gives you your maximum weight carrying capacity along with the capacities of each axle. This information in conjunction with your tire inflation chart in your owner's manual, will give you the knowledge of whether your motorhome is over loaded, balanced side to side, or if you are carrying too much or not enough air in your tires. If you are heavier on one side than the other, as I was, it will allow you to redistribute the weight to obtain a more even side to side balance of your coach.

When I recently weighed my coach at each axle end, I found out that I was over inflating my front tires by 10 psi and the rear duals by 15 psi. After redistributing weight in my bays and lowering my tire pressures to the correct amount, I have improved my ride as well as my piece of mind. I now

know I'm not over loaded and my tire pressures are correct for the load they are carrying.

The hard part up till now in obtaining individual wheel weights, was finding some place that provided that service. Well the hard part is over! The Motorcade Club has had a portable scale donated to us by one of its members. Donna and I, with a little time and effort, have learned how it operates and how to weigh coaches. We will now be able to provide this service to you as a benefit for being a Motorcade Club Member, and be offering it at Grandvention and future events.

So go ahead and sign up for a Motorcade or two. Be sure to load up all those must have items that you just can't hit the road without, and we'll weigh you up to see just how many more "treasures" you can hold!!

See you in the spring.

Put Some "Cold" in Your Refrigerator

It's surprising how many of us think that way! Of course, upon thoughtful reflection, we know that there is not a "cold" substance. There is a "lack of heat." That's what we have with refrigeration, air conditioning included. We are removing heat from objects, including air, which brings us to the reason for this subject.

We all have and use refrigerators at home, in our RV, and probably at work. We all also know that heat rises and cold air "falls." Except for the space in your refrigerator that is occupied by the items stored there, the interior of the refrigerator is

occupied by air. When you turn the unit on, it begins the process of removing heat from everything inside including the air, until the desired temperature is achieved. Each time you open the door, the chilly air inside flows out the bottom of the opening, and the resulting vacuum effect draws room temperature air in the upper opening. When you close the door, the unit will go back to work removing heat from that "new" air. The harder that refrigerator must work, the shorter its life. You can mitigate that work by simply filling the empty spaces inside your refrigerator with items that assume space

like empty milk or water jugs. That will cut down on the amount of air being displaced with each door opening and likely increase the useful life of your refrigerator.

JOIN THE FUEL PROGRAM THAT'S TAKING THE COUNTRY BY STORM

It's free to join • It will save you money • It will benefit the Club

Make sure you write in the **Foretravel Motorcade Club** as your referral.

It's a win-win situation.

WE CAN HELP YOU SAVE BIG!

TSD is now offering an amazing diesel fuel discount program to anyone who purchases diesel fuel.

You can also download the EFS Card Control app on your phone. Then enter your card number and pin. This app will keep track of all of your EFS charges and show you estimated prices after discount for all locations close to you that accept EFS.

1.800.275.5089

If you have any questions please contact
Joy J Hanson-Hickerson at
jhanson@tsdinc.com

IT IS SIMPLE TO USE

You will be issued an EFS card.

Insert your EFS card into the fuel pump.

A prompt will show to ask for specific information that verifies the owner. You enter the correct information and pump your diesel.

The next day the money is drafted from your bank account and you receive an email showing you the details of the transaction and our fees.

Their fee is 10% of the savings per gallon. So if the retail cost is \$3.00 per gallon and our cost is \$2.50 per gallon, your fee will be 5 cents per gallon.

If they can't save you money, you owe nothing!

There are no long-term contracts to sign and no hidden fees. If you choose to not use the program any longer, simply don't use the card.

**If you are ready to start saving money
fill out the form online and submit:
www.tsdlogistics.com/services/fuel-program/**

When filling out the online application, please put "Foretravel Motorcade Club" in the "Referred by" space.

Cooking

THE FORETRAVEL WAY

When the temperature rises, two things also go up: the desire for delicious frozen treats and the need for them to be simple to make. Well, great news! We've rounded up a few sweet frozen treats that only call for a few ingredients to help you 'relax and chill out'.

Tortellini Soup

Outgoing First Lady, Susan Miller, shares a delicious Tortellini soup. Susan says this scrumptious soup is loaded with Italian sausage, tomatoes, fresh cheese tortellini, arugula and a perfect blend of herbs and spices. She adds fall is here and with it comes all kinds of incredibly delicious soups. Susan said she loves to serve this yummy soup with a garden salad tossed with a light, vinaigrette and French baguettes with soft creamy butter. Sounds like a winner to me.

INGREDIENTS

- 1 lb Italian Sausage
- 1 medium onion finely chopped
- 3 cloves garlic minced
- 1 teaspoon dried basil
- 1 teaspoon dried oregano
- 1 teaspoon dried parsley
- ½ teaspoon dried thyme
- 2 pinches crushed red pepper
- 2 cups beef broth
- 1 1/2 tablespoons tomato paste
- 1 (14.5 ounce) can fire roasted tomatoes
- 4 cups vegetable broth
- 10 ounces refrigerated tortellini
- 3 cups arugula (or spinach)
- Grated Parmesan Cheese

INSTRUCTIONS

1. Brown the Italian Sausage in a Dutch Oven or stockpot over medium heat. When it is almost fully browned add the onion and cook until the sausage is done browning and the onion has softened. Turn the heat to low and add the garlic, basil, oregano, parsley, thyme and crushed red pepper; cook for 1 minute stirring constantly.
2. In a small bowl whisk the tomato paste with about ½ cup beef broth. Add the vegetable broth, remaining beef broth, fire roasted tomatoes and thinned out tomato paste. Increase the heat to medium low and simmer for 3-4 minutes.
3. Add the cheese tortellini and simmer for 10-15 minutes or until the tortellinis are cooked to your desired tenderness. Remove the pan from the heat and stir in the arugula. Add salt and pepper to taste. Sprinkle each bowl with 1-2 tablespoon freshly grated Parmesan cheese.

Oliebollen

Here's a delicious Dutch treat from our incoming International First Lady, Ineke Volkert. She and husband Leo both immigrated to the US as children with their parents as children bringing with them many Dutch traditions and delicacies that they continue to this day. She shares one of their favorites. Oliebollen are a traditional Dutch delicacy eaten during winter and always on New Year's Eve. Oliebollen, literally translated as 'Oil Balls', are also known as 'Dutch Doughnuts'. These small fried doughnut balls are normally enjoyed warm with some sprinkle of powdered sugar on top. The traditional treat can be made plain or you can add raisins or apples to the dough. To the Dutch, oliebollen signify Christmas, winter, coziness, family time, warmth, and coming together.

INGREDIENTS

- 3 cups plain Flour
- 3 cups warm milk
- 15 g dried yeast
- ½ tsp salt
- ½ tsp cinnamon
- 200 g sultanas
- 2 green apples peeled and chopped

INSTRUCTIONS

Mix all ingredients in a large bowl, cover the bowl with a tea towel and allow mixture to rise in a warm room for at least four hours prior to cooking. Stir the mixture regularly. It should rise (from the yeast) to double its size.

Shape into small balls and deep fry in hot oil for about 5 minutes or until golden brown then sprinkle with lots of icing (powdered) sugar.

When it's spring time in Texas, the bluebonnets start calling and the Texas Hill Country is the place you want to be.

We will feel the authentic German soul as we see reminders of a bygone era as we visit and experience the charm of Fredericksburg. We will have the opportunity to sample the unique cuisine offered by various German restaurants. We will tour the World War II Museum and visit one of the many award winning wineries in this area.

While in San Antonio, we'll relax and take in the scenery of the surrounding area on a river cruise. We will stand in the footprints of those gallant men who sacrificed their lives when we start our mission tour at the historic Alamo. We'll visit the city's four southernmost Spanish colonial missions – Concepcion, San Jose, San Juan and Espada.

The Japanese Tea Garden will provide us with ample photo opportunities. This historic

jewel features upper and lower level gardens, a 60 foot waterfall and numerous koi ponds.

We may just have a mind blowing experience on our tour of the Cave Without a Name, and we will be in awe as we enter each and every threshold on our tour of the magnificent painted churches.

Don't worry. We are aware this event would not be complete without a stop in Luckenbach.

Get your cameras ready. The bluebonnets will be gorgeous.

So hit the road and tell your friends to meet you between the bluebonnets in the Hill Country.

A \$500 Deposit will put you on the registration list.

Rendezvous with us to New Brunswick, Canada for this fascinating 43 day tour and allow us to show you why we call this motorcade magical as we tour the Provinces of New Brunswick, Nova Scotia, Prince Edward Island, Newfoundland, and Labrador. This quest will have us traveling approximately 2,600 driving miles and 400 nautical miles.

This motorcade is non-stop adventure from day one. For example we'll visit a quaint province with areas unique to the unspoiled ecosystem caused by the world's highest tides. It is a great area to spot any of the 15 whale species that consider this beautiful coast a sanctuary.

You'll find our trip to Prince Edward Island, via the famous Confederation Bridge, to be fascinating to say the least.

While in Nova Scotia, we'll witness the natural phenomenon of the Tidal Bore in Touro

and visit Windsor which by the way happens to be the birthplace of hockey.

We'll load our motorhomes and tow vehicles and ferry to Newfoundland where the Vikings journey ended and yours is just beginning.

Don't forget your camera because here and as we bus to Labrador we'll find a variety of subject matter on land and sea you will definitely want to preserve.

As we tour these amazing areas, we will witness the remarkable history and fascinating culture. We cannot begin to come close to describing all we will see and do on this motorcade. We can only guarantee it will be a time you will make memories that last forever.

We don't like to talk about the "what if's", but they do happen, and it's better to be prepared. Ladies this Driving school is offered only once a year. Don't let another year go by and miss the opportunity to participate in the motorcoach driving program designed specifically for you, regardless of your diving skill level.

The comfortable classroom sessions are taught by experienced, kind, knowledgeable, qualified instructors. A detailed walk-around and hands on sessions teaches basic understanding of your motorcoach before the "behind the wheel" driving time begins.

Apprehension will disappear once you've driven a designated course in the off road practice area accompanied by your personal instructor guiding you every step of the way.

A factory tour, complete walk-around, and two informative seminars are scheduled for the men.

You'll be quite proud once you've completed this course. So let us put you in the driver's seat and increase your confidence to the highest level.

A \$200 Deposit will put you on the registration list.

Here's what Ruth Robert #18454 had to say:

*Hi Ellen and John,
I wanted to send you a pic and a short video of my driving yesterday. I drove over 100 miles and felt good about it. The course helps to give ladies a whole new appreciation for these highly sophisticated machines and the complexities of driving them. Thanks to both of you. John, it's clear that you are passionate about ladies learning to drive and Ellen, you are equally committed to every detail of the program. I am truly glad to have had this experience!*

Kennedy Space Center, one of 10 NASA field centers, is a premier multi-user spaceport with more than 90 private-sector partners and nearly 250 partnership agreements. The presence of commercial companies at NASA's Kennedy Space Center is larger than ever before, enabling us to embark on a new era of space exploration. Although Kennedy is the agency's main launch site, the center also is home to facilities that research and develop innovative solutions that government and commercial space ventures need for working and living on the surfaces of the Moon and other bodies in our solar system.

April 20 - 23, 2022

BLUE RIDGE, GA WATERSIDE RV RESORT & COMMUNITY

Join us as we welcome spring in the beautiful Blue Ridge region of the north Georgia mountains. We'll hit the highlights, exploring this region of endless wonders, journey thru remote mountains on the Blue Ridge Scenic Railroad and there will be plenty of time to explore colorful places like Mercier Farms, Expedition Bigfoot, and countless other beautiful sights and fun venues. And we'll be savoring delicious Southern cuisine across the region.

Our home for 4 nights and 3 days will be Waterside RV Community on Lake Blue Ridge, a privately owned "first class" community. We are limited to 15 FHU waterfront sites on a "first come, first serve" basis, with full payment of \$275 per site for the entire stay, due no later than March 21st, 2022. Rally fees "to be decided" and paid separately later on. It is strongly advised that your campground payment be sent in as soon as a decision is made to attend! The Waterside RV Community is currently in the process of selling their individually owned sites. One of their conditions to our renting of sites for our rally was that the sites be paid for in full at the time of booking. Our chapter treasury is paying for all 15 sites now. Your payment of \$275 per coach for 4 nights of campground fees only should be made out to South Central Chapter.

Cancellations made by March 21, 2022 are fully refundable with a \$10 cancellation fee. After March 21st, cancellations are non-refundable but can be honored in one of two ways: booking alternate dates within one year or by trading with someone on the wait list. All sites are either creek side or pond side, paved or gravel, FHU and 50 amp. Arrive Wednesday afternoon, 4/20, depart Sunday, April 24 by 11am. Site numbers will not be assigned until shortly before the rally.

* Rally fees will be announced at a later date. Again, very important note: limited number of sites on a "first-come-first-serve" basis so send in your payment for campsite (only) ASAP to ensure your spot.

CALIFORNIA

Although the pandemic threw us some curve balls, the California Chapter came through like a champ. Yes, a few changes were needed, but all in all, these changes were for the better.

Oh! the places we did go:

About a year ago, we held our Fall rally in Buellton California, gateway to Solvang and Santa Barbara. Activities included the Danish village of Solvang, wine tasting, Ostrichland USA, The Mendenhall Museum of "Petroliana", and exploring the Central California Coast. To honor our veterans on Veterans Day, we assembled care packages for Operation Gratitude. The rally was fully attended, and we enjoyed our circle of camp chairs around the fire ring since the clubhouse was not available. We were especially honored to have our International President, Russ Miller and Susan take the long drive to join us.

Our spring rally was transplanted from 2020 to 2021. We enjoyed a joint California Chapter and Four Corners Chapter two-stop rolling rally covering many of Arizona's scenic attractions – Historic Route 66, The Grand Canyon, Sedona, and the National Monuments of Northern Arizona. All enjoyed the Grand Canyon Railway trip and Sedona trolley tour, and took time to relax and enjoy Arizona's scenic beauty! Everyone was pleasantly surprised at how entertaining a copper museum would be, and with Bearizona, our rally was a rip-roaring success. We had better than full attendance.

Oh! the places we will go:

Our December rally in Chula Vista is right around the corner. The Brems and Winchesters are enthusiastically planning and hosting this one, and we have a full slate of activities. Planned are a bus tour of San Diego, a boat cruise, and a tour and lunch at the Marine Corps Recruit Depot. This will certainly be another winner. And another full roster, with 22 coaches signed-up.

2022 is coming together fast. We are planning our next Spring rally, to be held in Paso Robles — March 28 to April 1. Our chapter was last there in 2014, and it's time for a re-visit. Expect outings to Hearst Castle in San Simeon and a full slate of activities. Imagine the fun with beaches, wineries, and breweries galore.

Finally, congratulations to Leo Volkert, former California President, our new International President.

In summary, all is well and the future is bright with the California Chapter.

Tom Lang, President

FLORIDA

The Florida Chapter continues to grow in new membership. As I write this report, we're starting to see the beginning of the Snow Birds returning to Florida. We look forward to hosting our Chapter Members at our Winter Rally December 2-4 in Live Oak, Florida, the RV Supershow Rally January 18-23 and the Spring Rally in April 2022 (details in the next issue). Cooler weather and the passing of hurricane season always ushers in the best time for camping in Florida.

Karen (Treasurer) and I (President) are ending our term of service to the Chapter with the Winter Rally and will be announcing our new officers in the next issue. We've enjoyed our time serving the Club and encourage all Motorcade members to keep the fun rolling by volunteering to serve in Officer and Rally organizer roles. You'll meet great friends and spread the "Foretravel love" around the campsites hosting our Rallies.

Randy Crete, President

CENTRAL PLAINS

After much of 2020 activity was canceled, we were happy to be able to get together again this past year. The pandemic situation is still wreaking havoc on much of the country and sadly, this year's Grandvention in West Virginia had to be canceled but we are looking forward to next year's in Branson.

This year brought a full slate of officers, with Dani Chapman acting as president for two years, Kat Carpenter as VP thru 2022, and Brenda Volz continuing as our excellent secretary/treasurer. Our finances are in excellent shape, with the chapter paying for our business meeting dinner at rallies and for Grandvention chapter dinner as well. It is nice to be solvent and able to enjoy this special privilege.

In 2021 we had 2 very successful rallies, spring rally hosted by Dani Chapman in Pawhuska, Oklahoma. We gained new members from this rally, lovely old timers Boyd & Joann Phillips from Enid, Oklahoma. They are both 90 years young and still enjoying their beautiful coach and their Foretravel family after a brief time off the road. We are delighted to welcome them and at least a dozen new members this year to our growing and active chapter. Many of our rally meals were catered by a wonderful local Native American outfit, Ah Tha Tse, "We Eat" in the language of the Osage Indians at our lovely venue, Taylor Ranch, south of Pawhuska. Our spring chapter dinner took place at Ree Drummond's (the Pioneer Woman from the Food Network) fantastic restaurant & we were surprised and delighted to run into her there, with her insistence that we all get a group shot together! A very gracious hostess she is.

Our fall rally in Hermann, Missouri's wine country was outstanding, Bob & Debby Best hosted this one & a great time was enjoyed by all with delicious German food, wine tasting, great historic farm & village tours, a side trip to Black Shire Distillery (part of the farm tour) and some mighty fine fellowship as always. We enjoyed a successful chapter business meeting at a fabulous German winery restaurant, and were especially honored to have our International President and First Lady, Russ & Susan Miller present.

All in all, it's been a great year for the Central Plains chapter and we're optimistic that in spite of the current pandemic challenges, we will see a successful new year in 2022. Rallies are already in the works for both spring and fall, and rumor has it into 2023 as well.

Onward and upward, Central Plains Chapter Motorcade members are looking forward to many more good times to come and to seeing our chapter grow and flourish in the years to come.

FOUR CORNERS

We are starting to get excited about our February 2022 Super Duper Spring Fling in Las Vegas. We are going to use this rally as a meet and greet to get this chapter going again. We can only take 20 coaches and spots have already been going fast. During the event we will spend time talking about the chapter, where it's headed and what we need to do to reignite it. We are also still in the planning stages of our 2022 early fall rally in Durango which will include a day on the train to Silverton. We will finalize this rally in January 2022. More info to come, so check back. If you want to come in February, I urge you to claim the few limited spaces left. When was the last time this chapter had 20 coaches at a rally? Like forever ago! Right? Well, we will do it in February 2022, so don't miss out!!

John Smaha, President

MID ATLANTIC

Hello everyone, 2021 was an up and down year for our chapter. In July, we were able to have a very nice rally in Mt Airy North Carolina attended by International President Russ Miller and First Lady Susan Miller and nine other Foretravel Coaches. Unfortunately, our Mid Atlantic Chapter fall rally, scheduled to be held jointly with the 2021 Foretravels Motorcade Club Grandvention in Lewisburg, West Virginia, also was cancelled and at that late notice, we were unable to schedule another Fall Rally. As with 2020, not having a business meeting means we will need to hold our Chapter nominations and elections via email. The chapter officers are looking for members to help participate not only in Mid Atlantic Chapter events, but as officers and Wagon Masters for the Spring or Fall year. It is important that you email or mail in any nominee names for any of the open officer positions or volunteer names for wagon master involvement to the president, vice president or the chapter Secretary or during the voting portion of the elections. I will include the email addresses for those Officers at the end of this report. When conducting this type of voting we are requested to have a hard copy of members responses or voting, therefore, I'm asking all to please participate in the nominations and voting during future chapter activity, by email for those who have listed their email addresses with the chapter or by postal mail voting via the stamped return envelope which the chapter secretary will provide to those members who have not registered an email address with the chapter. Officer Positions: President, Vice President, Secretary, Treasurer; Spring and Fall Wagon Masters.

Sincerely,
Anthony Pasquale, President

GREAT LAKES

The Great Lakes Chapter had their Fall Rally at Little Farm on the River RV Park in Rising Sun, IN. We had 11 coaches present and enjoyed being parked along the Ohio River and watching the barges go by. Some ferried across the river to Kentucky to see the Ark and Creation Museum while others checked out Rising Sun and other points of interest. Along with the good food, games, and nightly campfires, we had a deer come visit us every evening and loved being petted and fed. Thank you, Ken Glodack and Linda Krueger, for doing a great job of planning and hosting the rally.

Plans are being made for our 2022 Spring Rally scheduled for April 26-30 in Holmes County, Ohio hosted by Lynda and Tom Campbell #18475 and Shirley and Tim McCoy #18077. The Fall Rally is scheduled for September 29 - 31 in the Peoria, IL area. Wagon masters will be Alan & Barb Salm #18126 and Larry & Karen Pontius #16813. Please check out the ads in the back of this issue of the Motorcade for more details and plan on joining us for a great time.

It has been a great year for our chapter and we are looking forward to another great year in 2022.

Dale Workman, President

MID SOUTH

Our Fall Rally was held at Buckhorn Lakes RV Resort in Kerrville, Texas. It was the first time in my memory that we held our Rally during the week rather than on a weekend. Everyone surveyed, liked the timing during the week, and advocated doing it again. We had 32 Coaches in attendance. Our "Together Activity" was a great photo Safari at the famous YO Exotic Game Ranch in Mountain Home, Texas. All enjoyed viewing the animals, some of which are almost extinct in the wild. The YO provided a sumptuous BBQ lunch with all the trimmings after our Safari.

During our free time, members took advantage of the many interesting sights and venues around Kerrville. A BIG Thanks to Carl and Joanna Moody, our Wagon Masters, for planning and executing one of the best Rallies I have ever attended. The food was GREAT.

Paul and Linda Ogle and Ed and Judy King have volunteered to be Wagon Masters for our Spring Rally in Natchitoches, LA. Date to be announced soon (rumor is March '22) The Wagon Masters will let us know as soon as the Park sites are secured.

Richard and Audrey Fox and Ronnie and Brenda Blake have volunteered to be our Wagon Masters for our Fall Rally. The location and exact date is being worked out. The location will be on the route to the GrandVention to make it convenient to attend both. More Later.

Our Members at our Business meeting voted to retain our current officers until our 2022 Fall Rally, at which time an election for officers will be held. This will get us back in the proper rotation for election of officers.

Enjoy the Holidays and stay Safe,
Bill Robinson, President

SOUTH CENTRAL

Hi Motorcadgers,

Here we are, already in the middle of the fall season. We just finished our fall rally that was held at Holiday Travel Park in Chattanooga, Tn. We had a great turn out. We had 20 coaches in attendance with several new members attending. While the weather didn't cooperate as we would have liked, everyone seemed to really enjoy the rally.

Nanci and I hosted the rally and were really happy to hear how everyone enjoyed being there. I have to say that anyone who has hosted a rally knows that the reward for hosting a rally is seeing everyone enjoying themselves, and enjoying being with friends, both old and new, even when the weather doesn't necessarily cooperate.

As a group, there was a tour of the Medal of Honor Museum, which I was not able to attend due to back issues, but after hearing all the comments from those who were able to attend, we plan on returning when I will be able to enjoy it. Also, after hearing from those who did attend, I recommend that when passing through Chattanooga, you consider stopping to visit. Of the 47 million who have served in America's military, only 3500 have received the Medal of Honor. What an amazing group of people who very few know about.

I would also like to make mention of our upcoming spring rally which will be held in beautiful Blue Ridge, Ga. It is shaping up to be a great rally too. Many have already signed up, so we are hoping for another great turn out this spring. There will be more information in this issue of the Motorcader magazine. I look forward to seeing everyone there.

The South Central Chapter remains in a very good position, both from a financial stand point, and a membership standpoint. Our membership continues to grow each year.

We also, had our chapter meeting, with our annual vote to install new officers, which included our new President, Carol Crook, our new Vice President, Tom West, and our returning Secretary, Steve Crook, and our returning Treasurer, Lyn Whitaker.

I have enjoyed serving as the President of the South Central Chapter for the past two years and look forward to seeing all the great things that will happen in the future.

Happy Thanksgiving and Merry Christmas,

Safe travels to all,

Jerry Moon,
