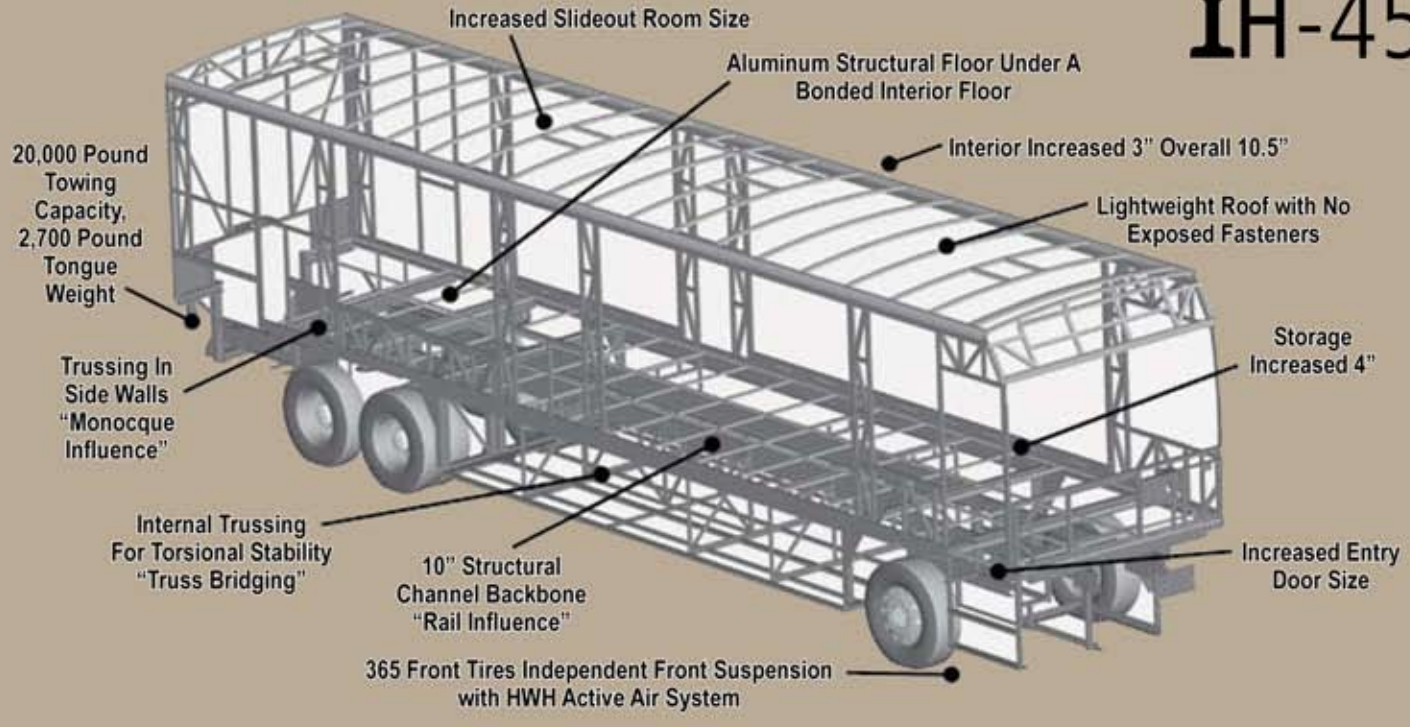
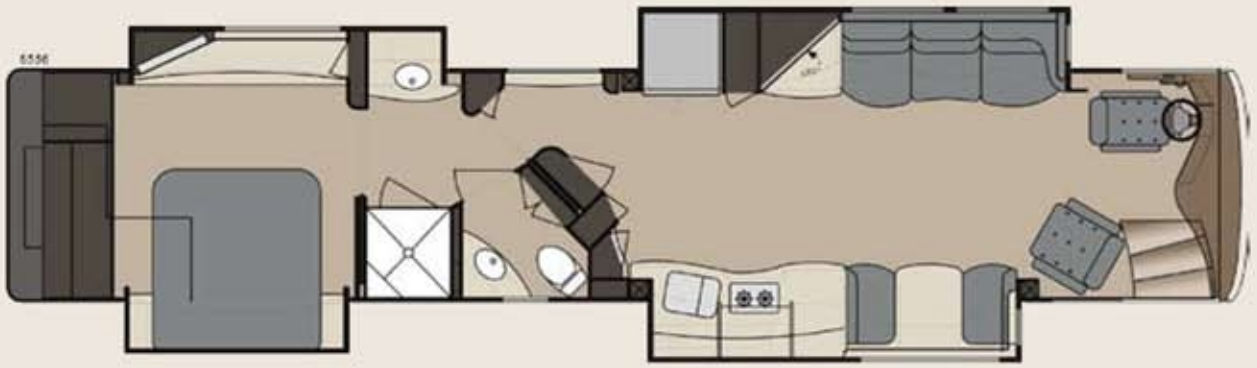
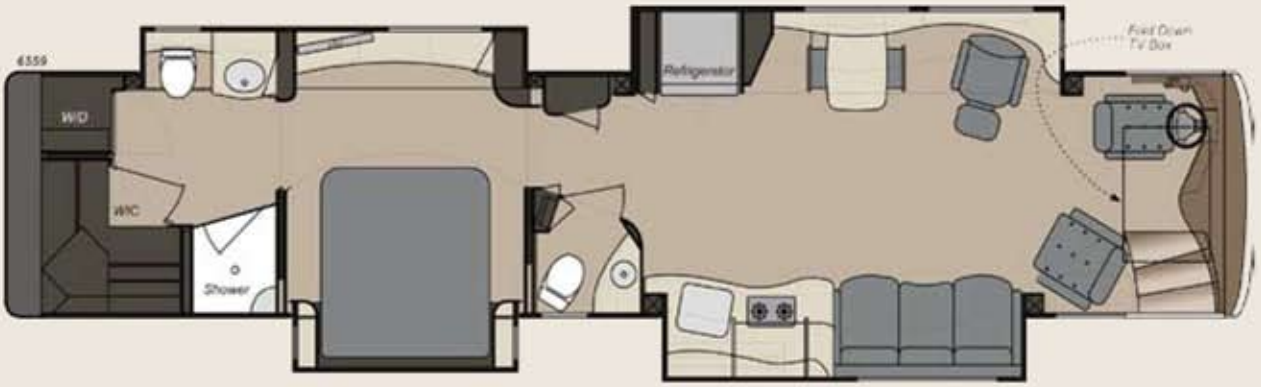
Foretravel's Exclusive TravelRide Chassis

IH-45







Phenix / Nimbus 40'

	IH	Phenix	Nimbus
Chassis Features			
ABS anti-lock braking system w/automatic slack adjusters	•	•	•
Air disc brakes on all wheels	•	•	•
Air hose for tire service	•	•	•
Air quick connect in storage bay	•	•	•
Alcoa aluminum wheels w/ Dura-Bright protection	•	•	•
Allison 6 speed transmission MH 3000R			• (36-38)
Allison 6 speed transmission MH 4000R	•	•	• (40-42-45)
Allison transmission retarder	•	•	•
Alternator - 160-amp			• (36-38)
Alternator - 200-amp			• (40-42-45)
Alternator - 320-amp	•	•	
Automatic traction control (ATC)	•	•	•
Auxiliary 12v air compressor	•	•	•
Chassis - TravelRide by Foretravel	•	•	•
all air ride with:			
4 outboard-mounted air bags (drive axle)	•	•	•
2 air bags (IFS front axle)	•	•	•
2 air bags (tag axle)	•	•	•
Engine - Cummins ISL 450 HP			•
Engine - Cummins ISX 500 HP			•
Engine - Cummins ISX 600 HP	•	•	
Fuel filter/water separator	•	•	•
Fuel system w/air & water purge	•	•	•
Front axle - IFS (independent front suspension)	•	•	•
HWH - computerized air leveling system	•	•	•
HWH - active air system	•	★	★
Rear axle ratio: 4.30:1	•	•	•
Rear axle ratio: 4.78:1			• (36-38)
Receiver hitch - 18,000 lb. rated		•	•
20,000 reciever hitch	•		
Remote battery jumper terminals	•	•	•
Michelin Tires: 295/80R22.5			•
Michelin Tires: 315/80R22.5		•	
Michelin Tires: 365/70R22.5 Front 315/80R22.5 Rear	•

Special Needs Coach

Hospitality Coach

Mobile Command Center

What began as a high school project for his son motivated C. M. Fore to create a business in 1967 and evolved into a premier manufacturer of motorhomes based in Nacogdoches, Texas. Mr. Fore embarked on a personal mission to bring innovation, quality, specialization and customization to a budding recreational vehicle market. His ideas for innovation included letting individuals take the comforts of their home with them as they traveled, designing and building his own unique chassis, and introducing the revolutionary diesel pusher.

Foretravel has long provided unsurpassed ride & handling and unexcelled fit & finish. The ride and handling begins with its own engineered Travelride™ chassis and ends with the fit & finish of its handcrafted natural wood cabinetry and mastercrafted exterior paint and graphics. Mr. Fore's vision of creating a culture of innovation has served Foretravel since 1967. That same innovation can also be found throughout the motorcoach, including the electrical systems, air-bladder sealed slide-rooms, and parallel storage doors. And, the same emphasis on quality has long applied to durability, longevity and safety of its vehicles.

For more than 4 decades Foretravel has taken specialization and customization far beyond the industry standard. Our custom process often begins with a blank sheet of paper and takes final shape when the customer's ideas mesh with the experience of our design team. The signature coach of your dreams awaits you at Foretravel.

We are Proud of Our Past, Present & Future

Custom Handcrafted Quality Since 1967
